

Welcome to the assembly at Knappenhof!

Dear Colleague,

On Knappenhof we have opened the first therapy hotel in Austria but possibly the first therapy hotel all over Europe. Knappenhof offers treatment for addictions and psychosomatic diseases. We have a very good working coexistence of "hotel guests" and "therapy guests". To demonstrate this we would have liked to welcome you as hotel guests, unfortunately, or luckily - from which side you see it - Knappenhof at the moment has been booked nearly fully with therapy guests, and therefore nearly all of you have their rooms in another place nearby.

Nevertheless, we want to introduce the hospitality of Knappenhof while hosting you for the meeting.

All meals, including breakfast, will be served at Knappenhof.

AGENDA

Friday, 28th:
